

Front Screen

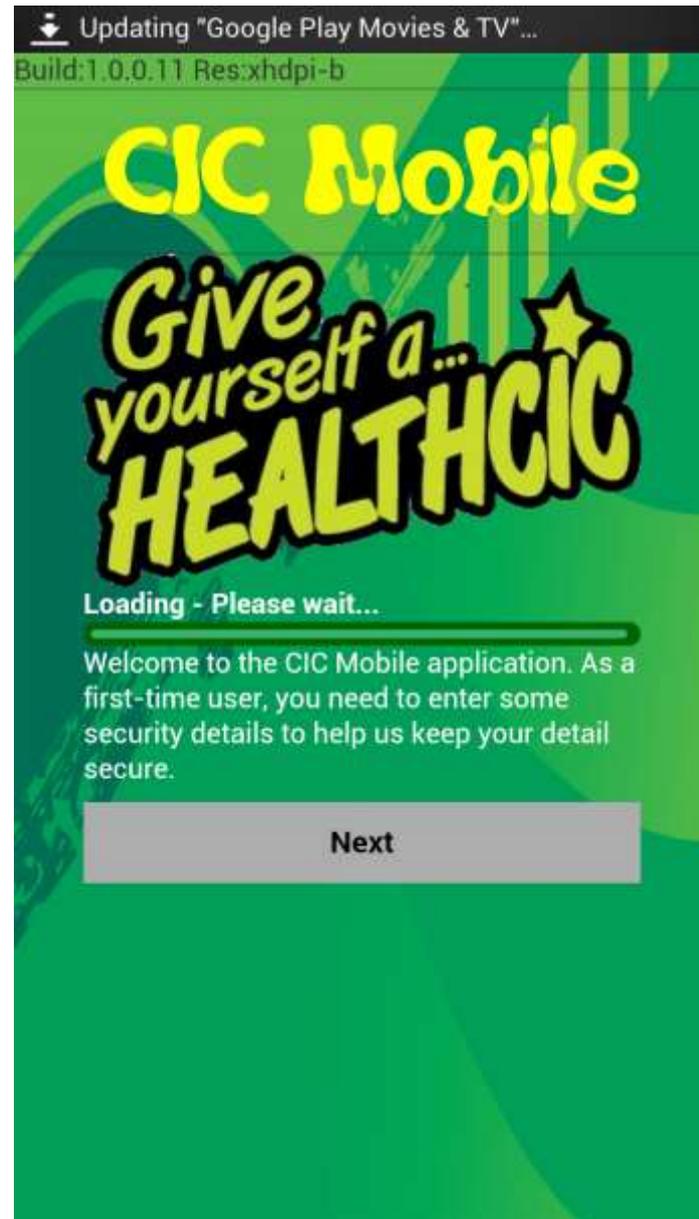

First screen viewed on the mobile app

First Time Use Front Screen

When you first click on the CIC Mobile Application you will be presented with a Welcome screen that will guide you through the first time use setup screen

Click on the next button to proceed

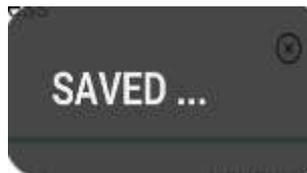

First use setup

You will now need to enter a password and confirm it (preferably up to eight characters long but easily remembered)

Then choose a security question from the list provided

Type in your answer and then choose submit

Once you have entered all the details, a screen will appear telling you it has saved the settings

Main Menu

Contacts

Screen shows the main menu within the app to allow you to enter the information within each section

The Contacts area hold s all information on your contacts

E.g.

GP

Dentist

CIC Nurses

Optician

Re : address, telephone number , email address etc. and this will also show any appointments attached to that contact.

There is also a free text area for Other Contacts

Adding a contact

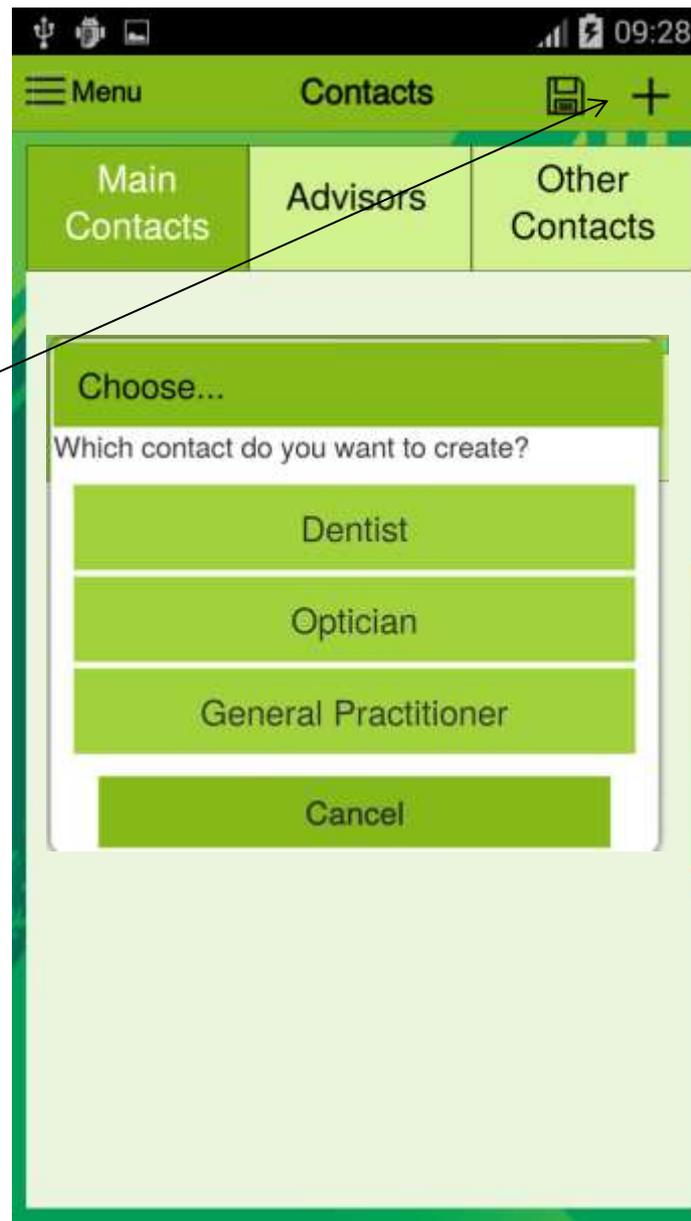

To add a contact you select the option by choosing it.

Main , Advisors or other Contacts

Once Highlighted (This will then show in darker green as shown)

Click on the **+** plus button and another list will appear with the standard contacts to be added as shown

To add a contact highlight the contact by choosing it and it will take you to the Edit Contact details page below

Edit Contact

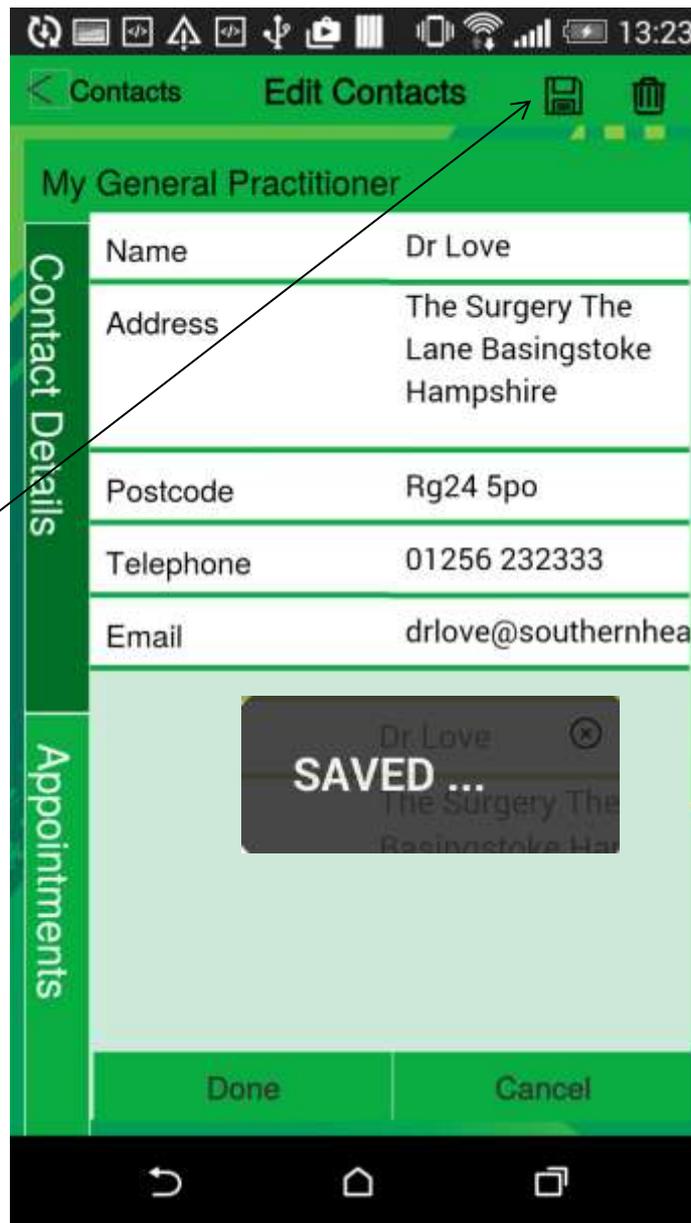

Enter the Details as required

Once the details have been entered and you press "done" a saved screen will appear briefly on the screen to confirm the data has been added and saved.

You can also save by clicking on the save button as shown

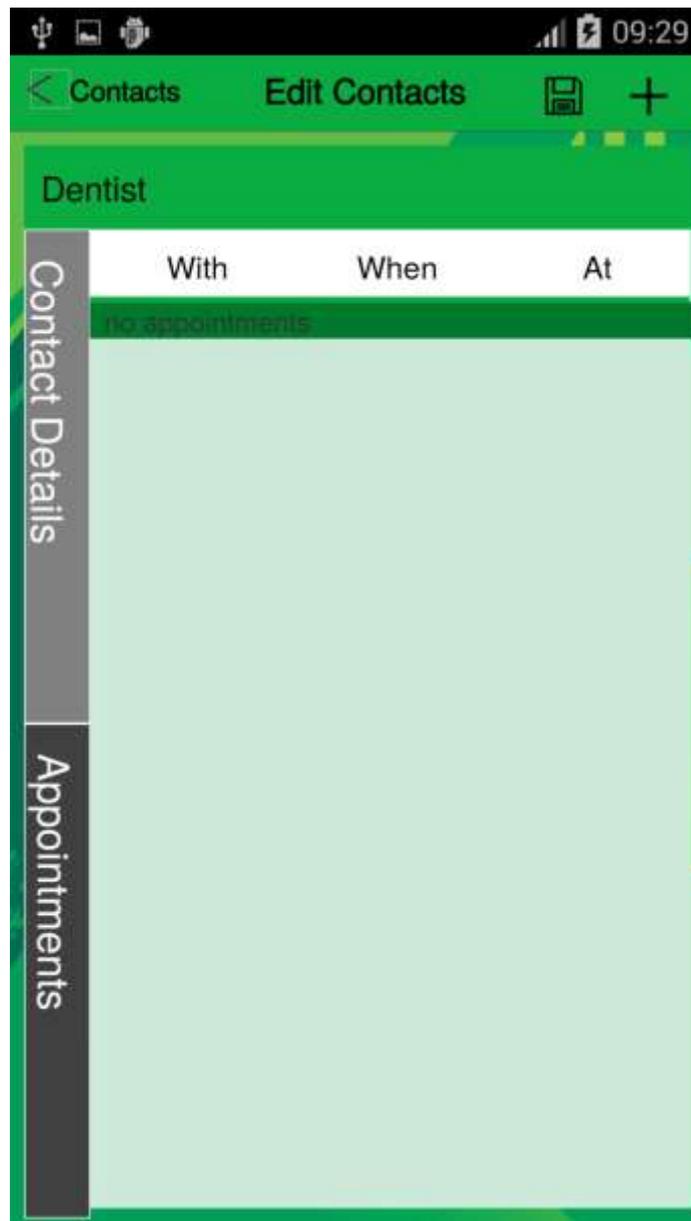

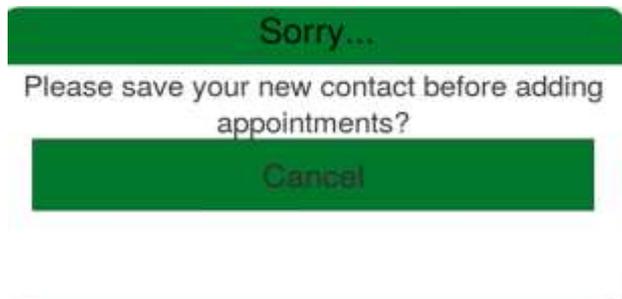

Save Button

Appointments within Contacts

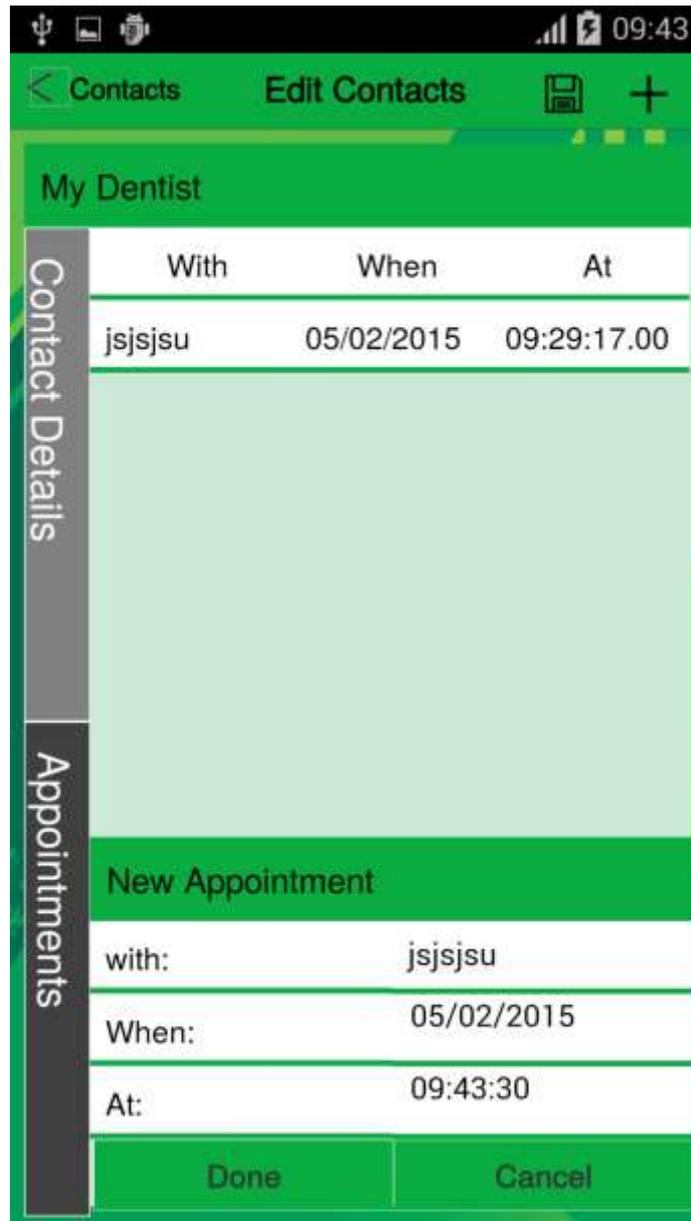

You can also access and create appointments within a contact by choosing the appointments tab below the Contact Details tab

(Please note you can only add appointments if a contact has been created/setup , otherwise you will get a error message saying

Appointments within contacts continued

To add an appointment within a contact click on the **+** button and add details in as required . Then press done or the save button  to save the appointment

Appointments continued....

Once Appointments have been added they will be shown in the appointments area of the contact

If you wish to view the appointment just choose the appointments tab by pressing on it and it will then show you the details of the appointment

Deleting Contacts or Appointments

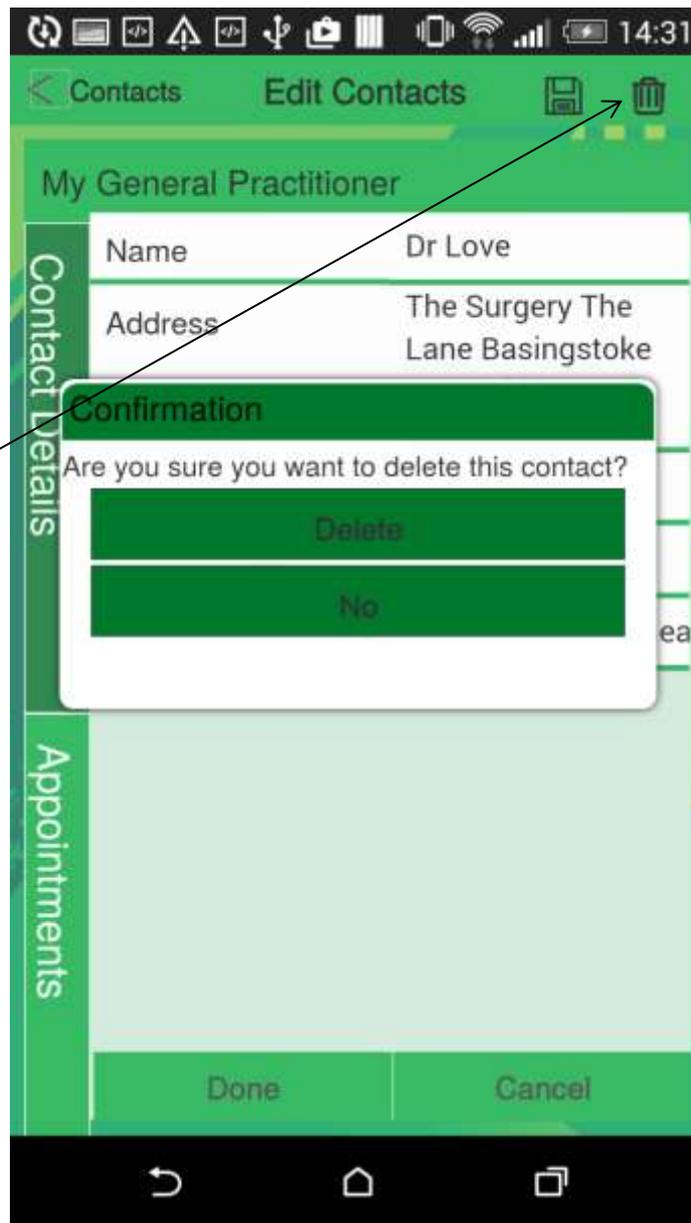

If you need to delete a contact or appointment then

To delete a contact go to the edit contact screen of the contact you wish to delete and then press the delete icon.

To confirm the deletion click on Delete

The contact will now be deleted

Deleting Appointments

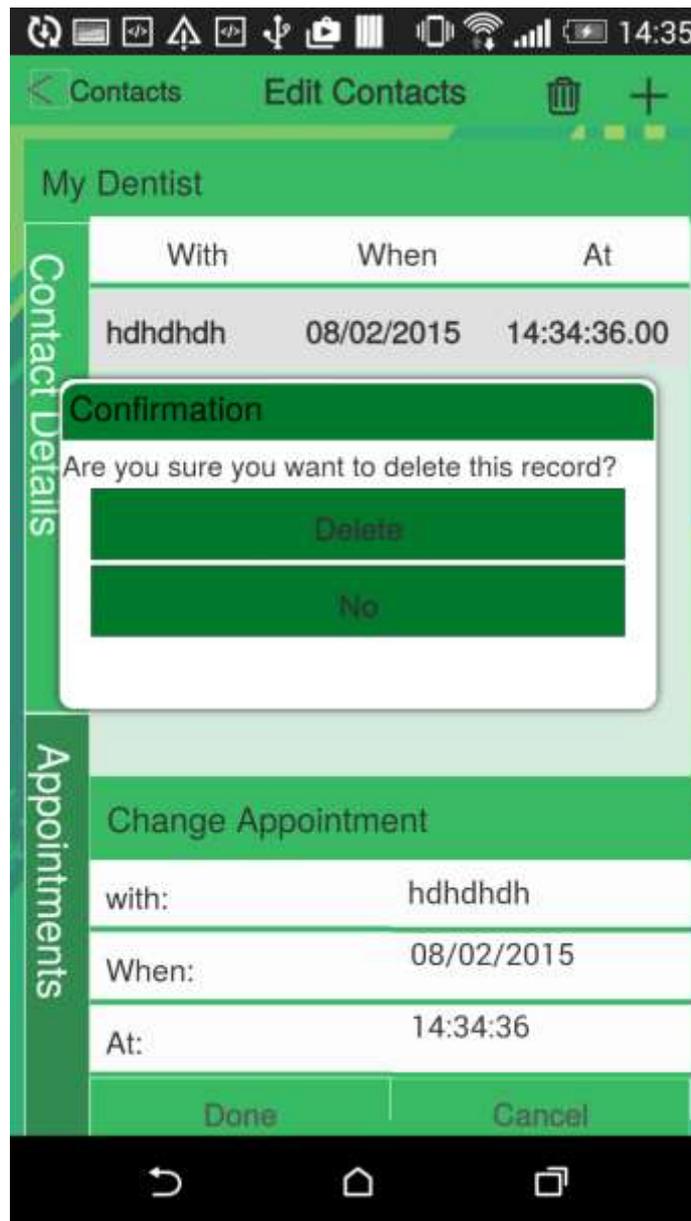

To delete an appointment

Select the appointment to be deleted
and choose the delete icon

To confirm the deletion click on Delete

The Appointment will now be deleted

Appointments Screen

The main appointments screen will highlight days in different colours if an appointment has been booked. To view the appointment click on the highlighted day and the appointment details will show below

Example

Today's date or dates you choose will be shown in Orange

Please note:

(Each date chosen /highlighted will be shown in orange. To ensure you only choose one date you will need to choose the date again to take the highlight off)

An Appointment has been booked on Thursday 5th February for example :this will show in light green

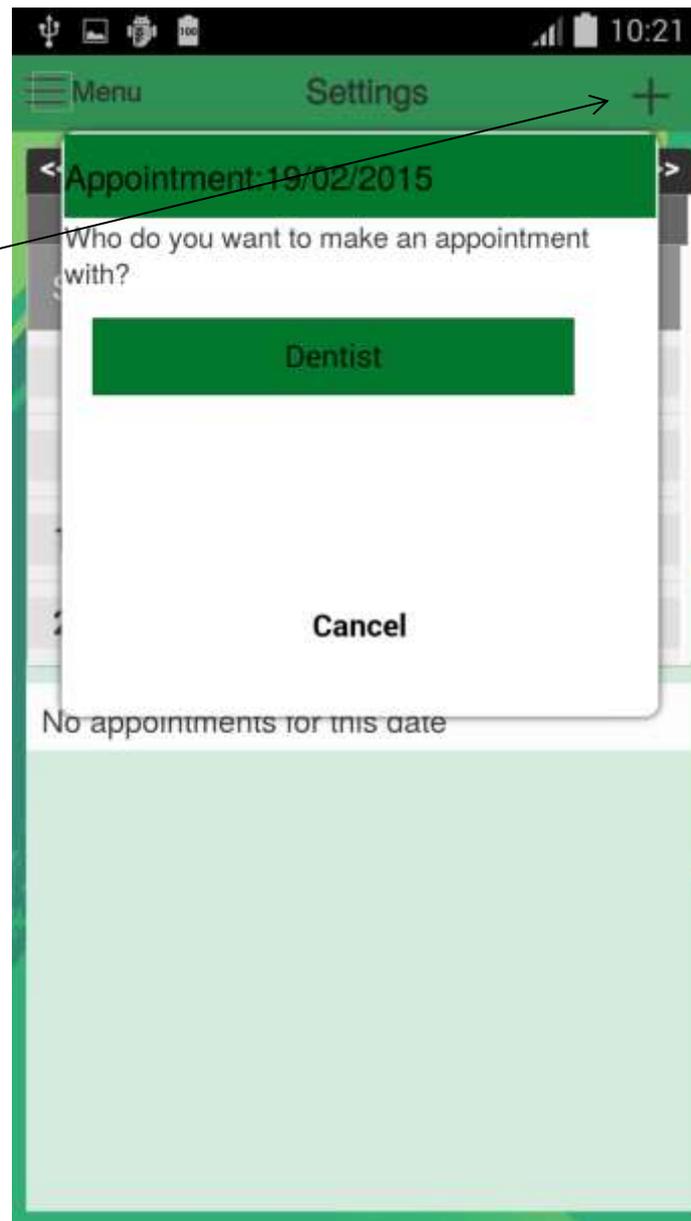

Appointments continued

If you want to add an appointment via the Appointments screen choose the date of the appointment and then click on the **+** button

The appointments box will only show Contacts that have been created.

Choose the contact and then the Edit contacts screen will appear which will allow you to enter the appointment details for that contact

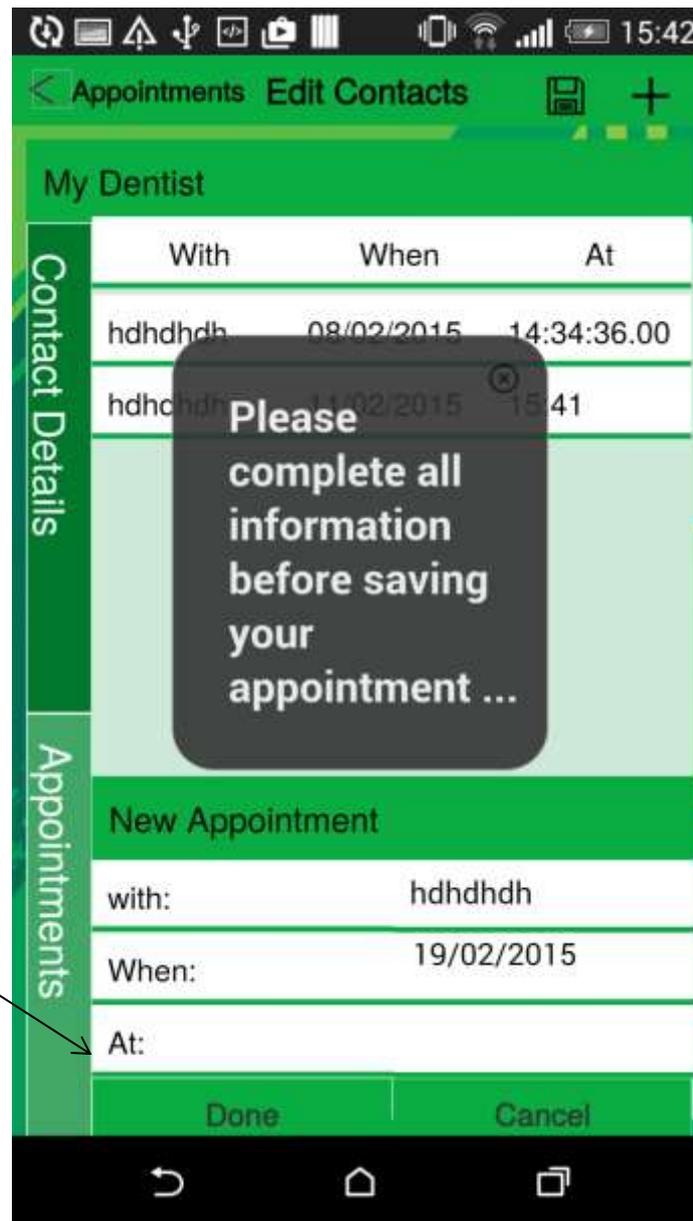

Appointments Continued

When adding an appointment all information must be entered before the appointment can be saved .

An error message will appear as shown if all information is not completed

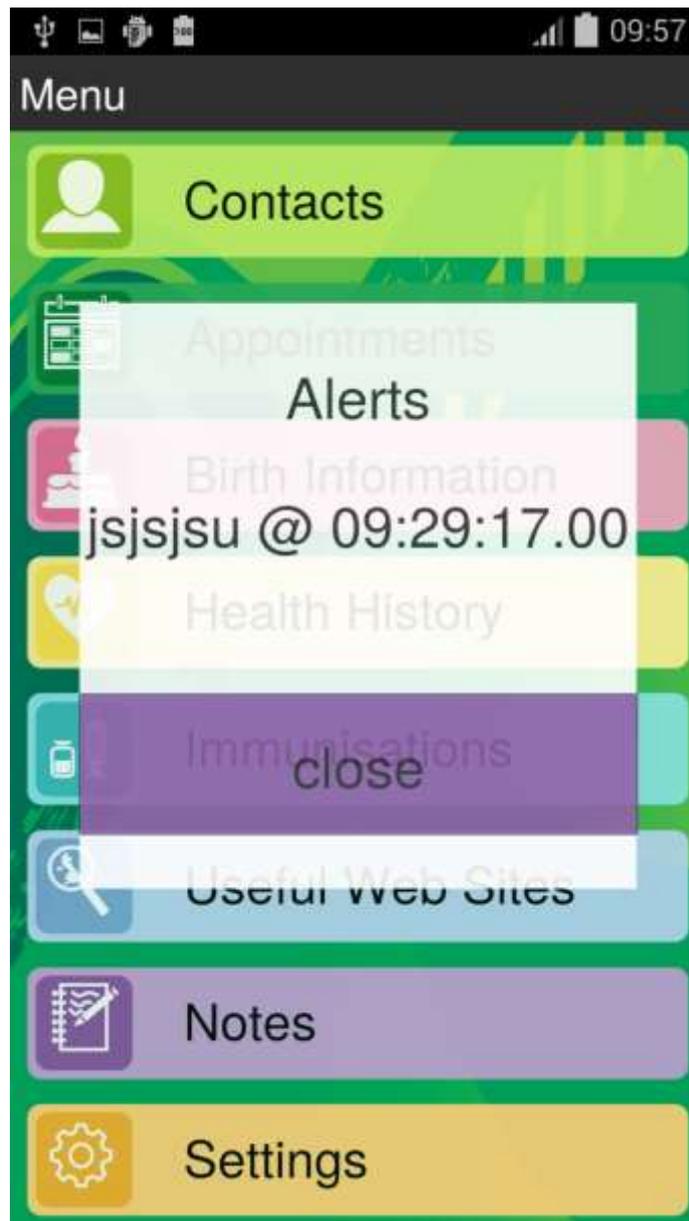

In this example the “At” part of the appointment has not been completed

Appointment Alerts

Appointment Alerts will show on the first screen at start-up as a reminder of appointments for that day

You can close them by clicking on the close button

Birth Information

The birth Information screen allows you enter important information such as :

Place of Birth

District of Birth

Time Of Birth

Birth Weight

Birth Length

Head Circumference

NHS Number

Place of Birth	Leicester
District of Birth	Basically
Time of Birth	16:33

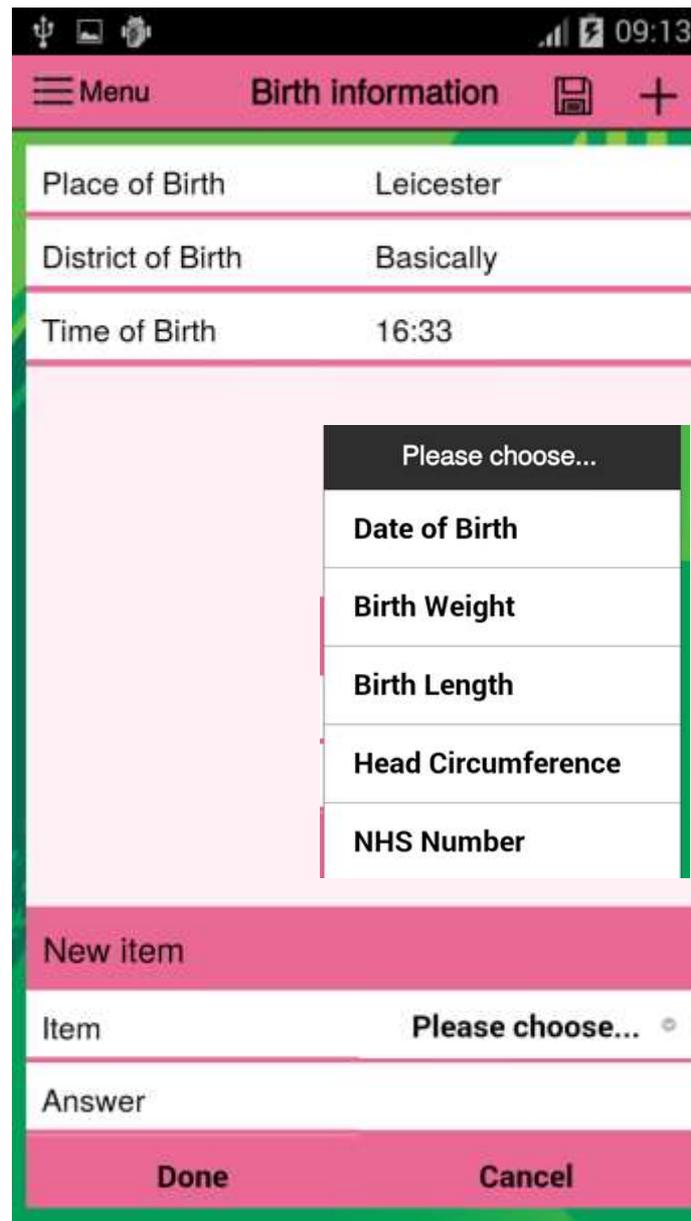

Birth Information continued

To add new Birth Information click on the **+** button and a new box will appear below

Click on the “Please choose” tab and choose the required tab to add information

The answer box is free text

To save you can either press the Done or Save  button

The screenshot shows a mobile application interface for entering birth information. The top bar is pink and contains a menu icon, the text "Birth information", a save icon, and a plus sign. Below the top bar, there are three rows of information: "Place of Birth" with the value "Leicester", "District of Birth" with the value "Basically", and "Time of Birth" with the value "16:33". Below these rows is a large pink area with a dropdown menu open, showing options: "Please choose...", "Date of Birth", "Birth Weight", "Birth Length", "Head Circumference", and "NHS Number". At the bottom of the screen, there is a pink bar with the text "New item", a white bar with the text "Item" and a dropdown menu showing "Please choose...", and a white bar with the text "Answer". At the very bottom, there are two pink buttons: "Done" and "Cancel".

Health History

The Health History screen enables you to enter each History Item per tab

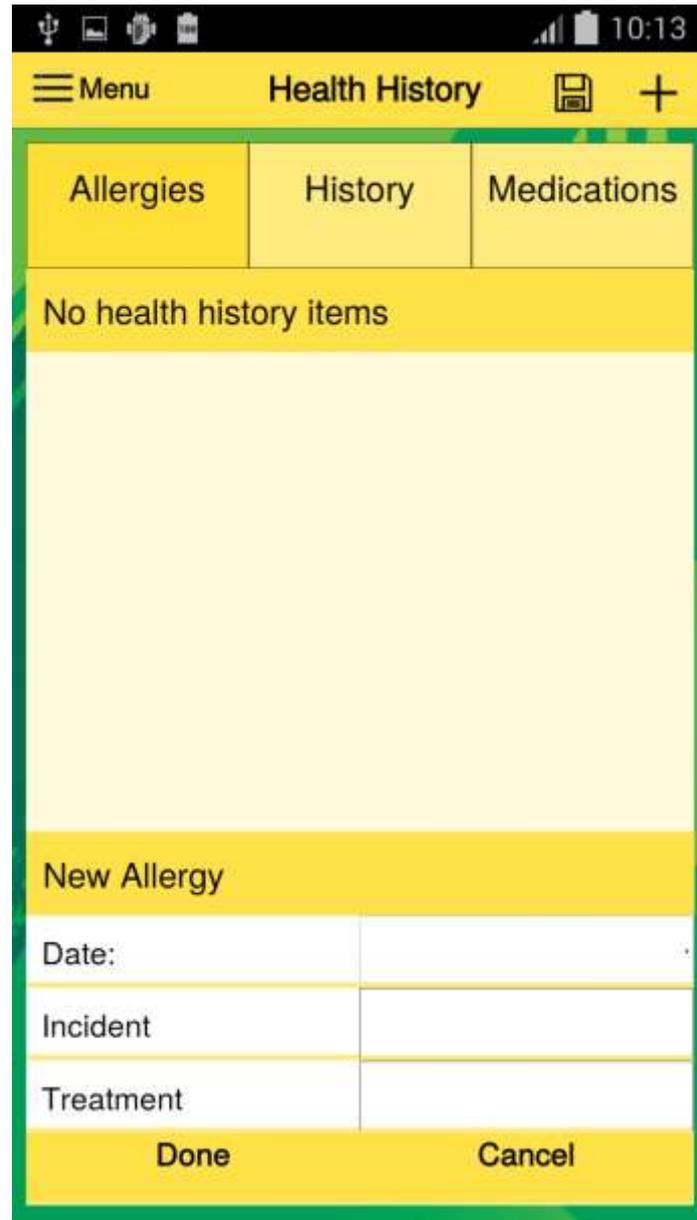

Allergies
History and
Medications

Choose the required tab and then the
+ button to add

Health History continued

Enter the text as required and press Done or the save button

A screenshot of a mobile application interface for 'Health History'. The screen has a yellow header with 'Menu', 'Health History', a save icon, and a plus sign. Below the header are three tabs: 'Allergies', 'History', and 'Medications'. The main content area is yellow and contains the text 'No health history items'. At the bottom, there is a 'New Allergy' section with three input fields labeled 'Date:', 'Incident', and 'Treatment'. The bottom navigation bar has 'Done' and 'Cancel' buttons.

Allergies	History	Medications
No health history items		
New Allergy		
Date:		
Incident		
Treatment		
Done		Cancel

Immunisations

To view the list of all Immunisations
you need to scroll right along the tab

Immunisations available to be updated

Whooping Cough

HIB

Meningitis

PCV

MMR

Influenza

HPV

BCG

Immunisations Continued

To add an immunisation highlight the tab you require by choosing it and it will become darker in colour to confirm you have chosen it

Click on the **+** icon and a new box will appear at the bottom of the screen to enable you to set the immunisation date

Continue to do this for each tab to be completed e.g

Tetanus

Polio

Whooping Cough

HIB etc..

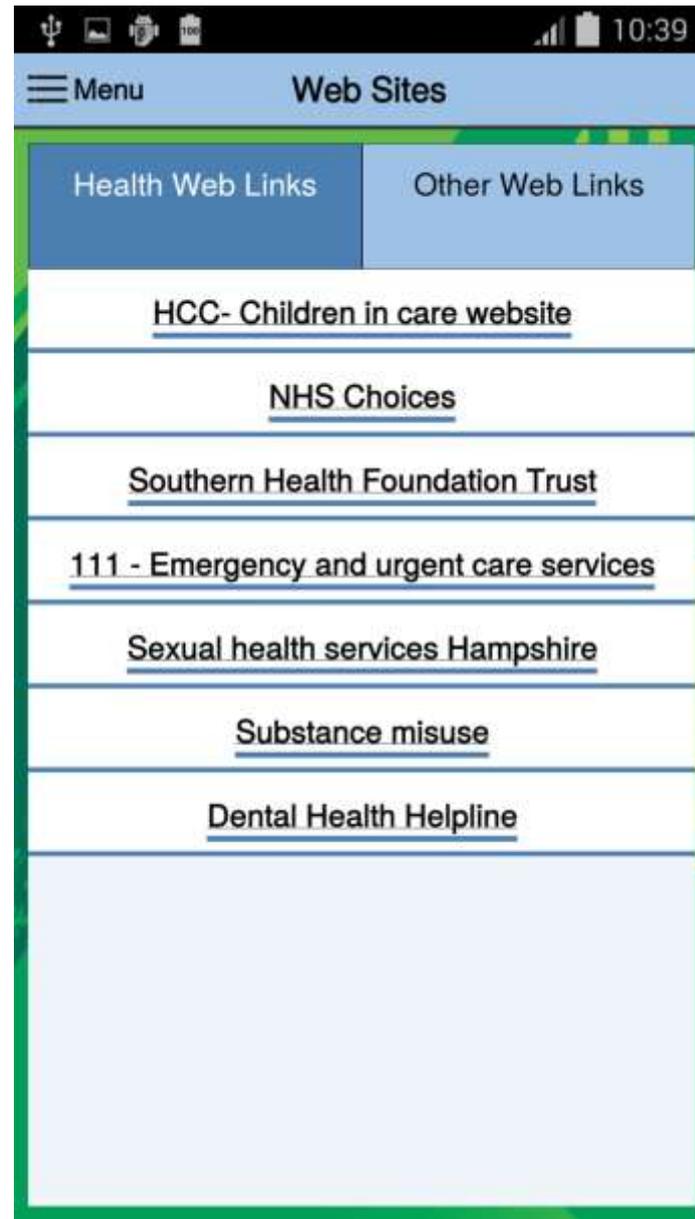

To see the other tabs available you will need to swipe across the screen

Useful Websites

Standard links are already installed on the App for use but you can add your own links in

To add a new Web link highlight the Other Web Links tab

Adding Web Sites

To add a Web link Click on the "Other Web Links" Tab

Then choose the "Create Links" Tab
and press the **+** icon

Web Sites continued

To create a web link give the link a name in the

Web Link Caption box for example
BBC

Then enter the Website address in the
URL Box for example:

www. Bbc.co.uk

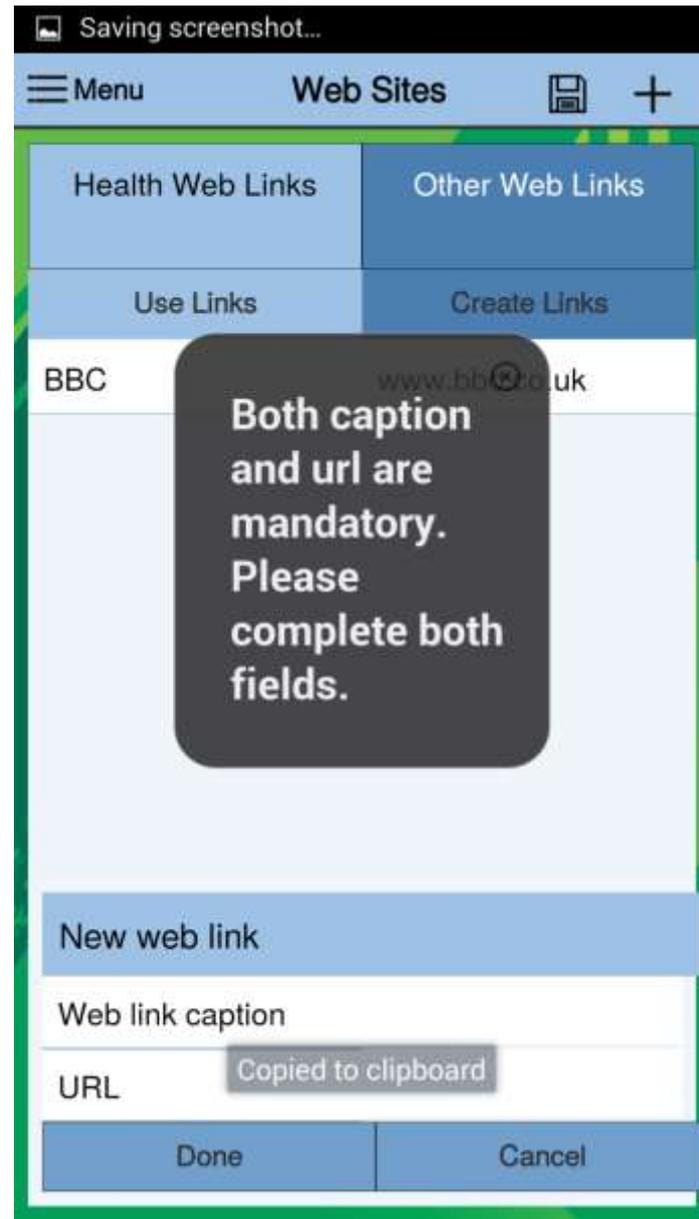

Then press Done or the Save
button to save the new URL

Websites continued

Ensure you enter both the Web link
Caption and the Website URL address

If not all data entered then you will get
the following error message appear

Deleting Web Links

If you want to delete any web links then highlight the site to be deleted and then press on the  icon .

A confirmation box will appear asking you to Delete .

The web link will now be deleted

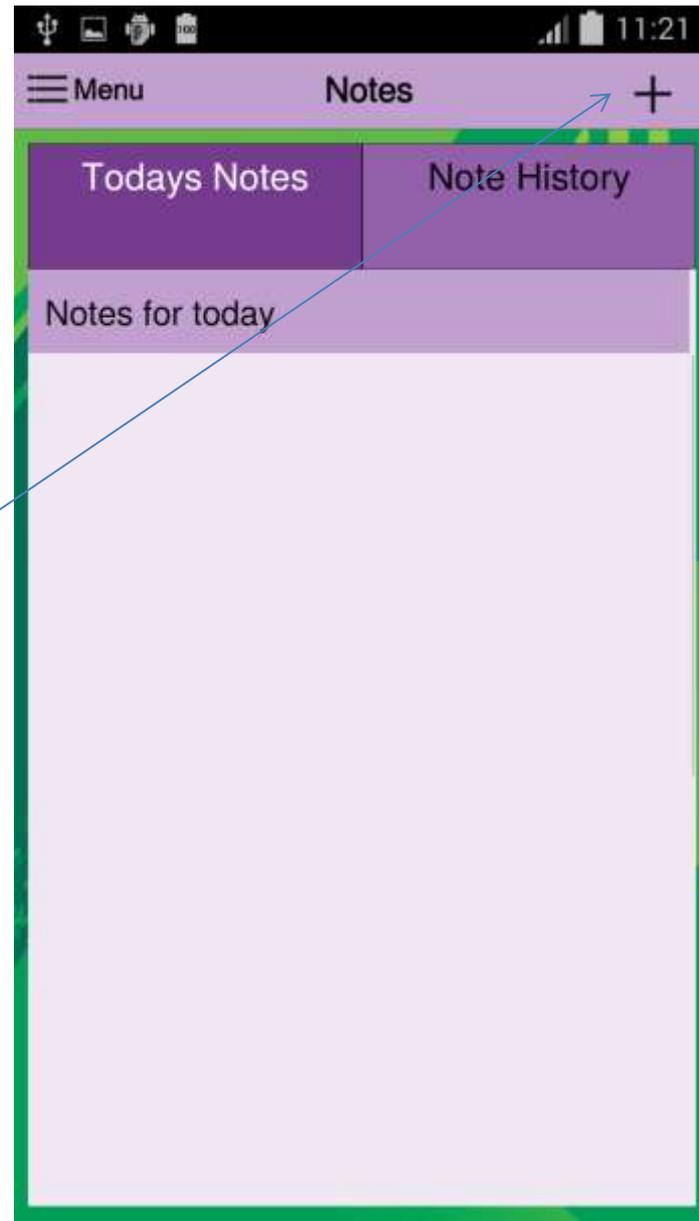

Notes

The notes section will give you Today's notes and Note History

The front screen will show you notes for today under "Today's Notes"

To add a note - Highlight the "Today's Notes" Tab and then press the **+** icon to add a new note

Note History will show you any previous notes listed in date order (as shown below)

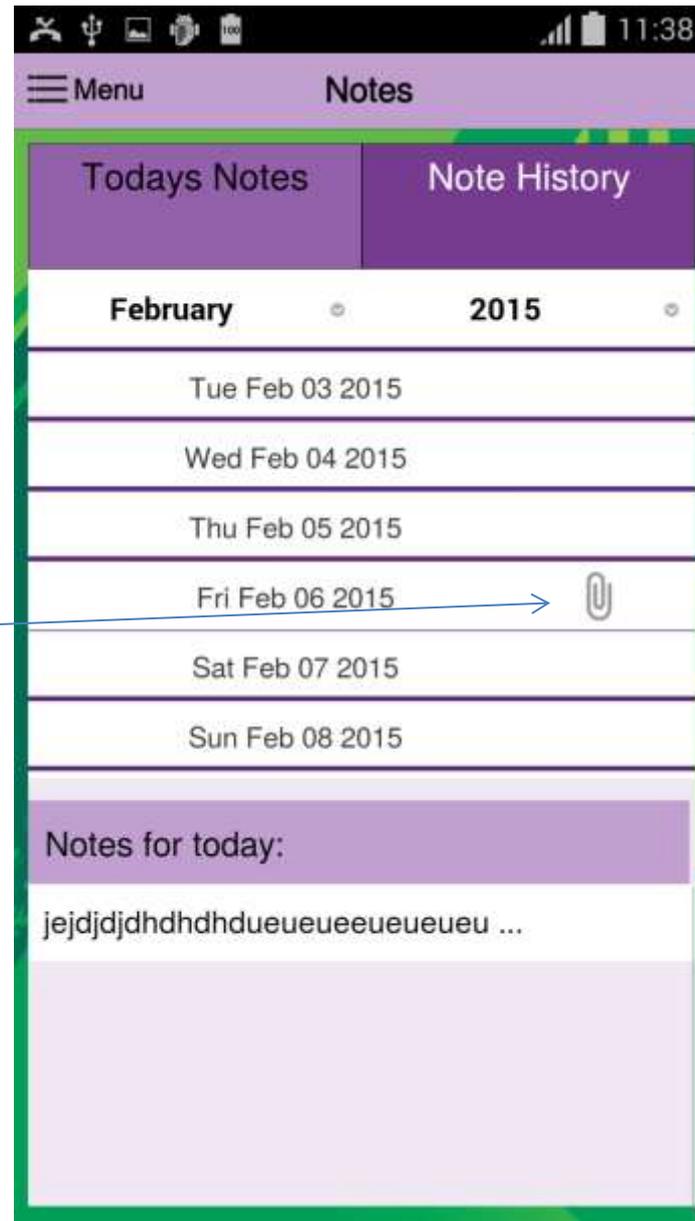

Notes Continued

Note History Tab

This will show you all previous notes
You can scroll down the dates to view
any previous notes

Notes are shown by a Paperclip to the
right hand side of the date as shown

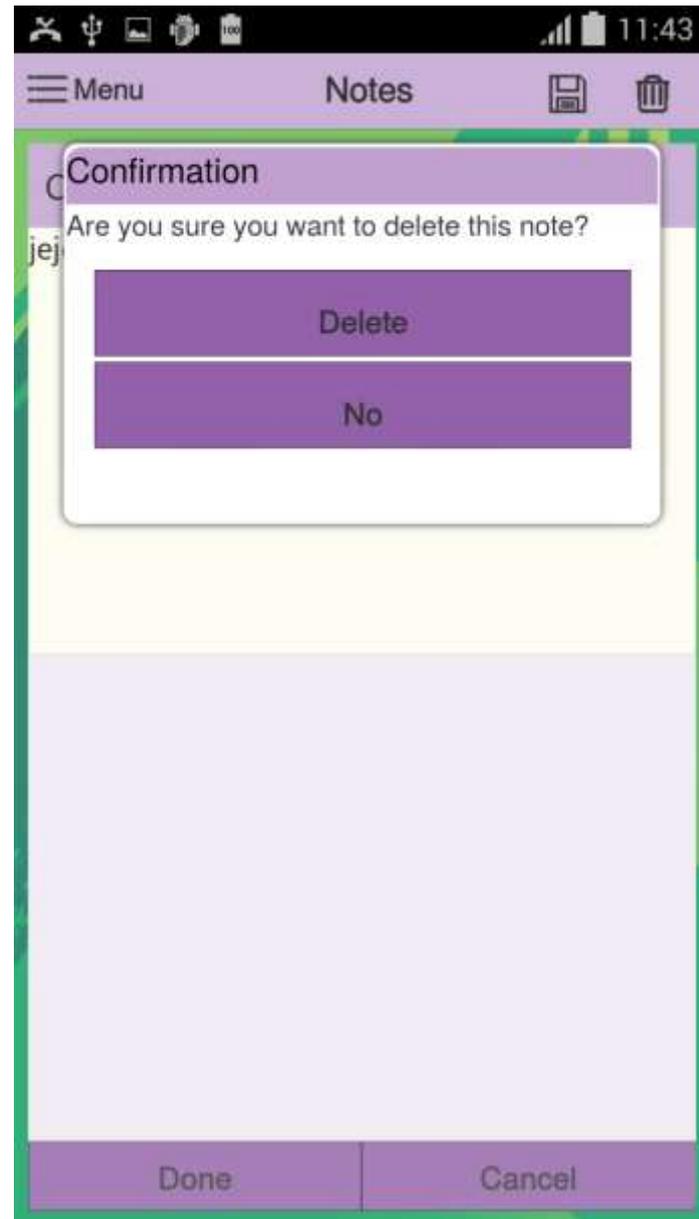

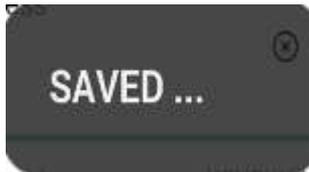

Notes continued – deleting

To delete a note highlight the note and then press the delete icon

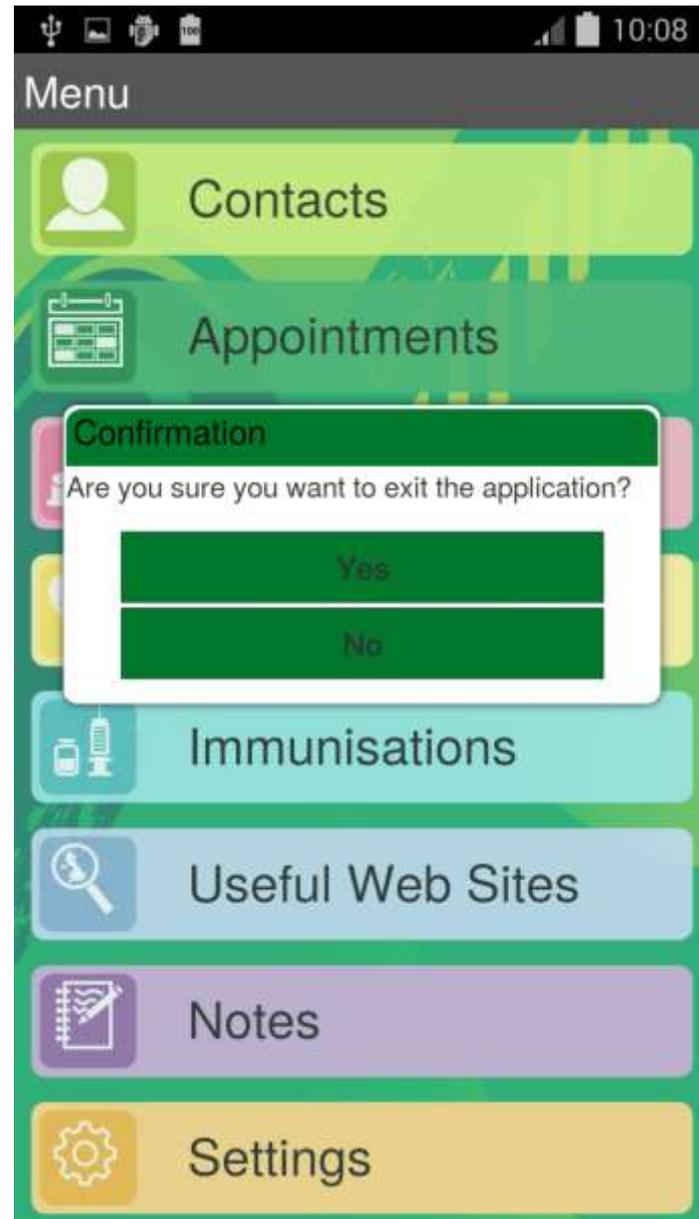

Choose Delete , the saved box will appear automatically once you have deleted

Exiting the App

To exit the App you must press the back button on the phone you are using which will then give you the following message as shown

Lost Password Security Screen

If you forget your CICS App password you will need to enter your Security question by clicking on "I have lost my password "

If you enter your security question incorrectly the following message will appear (Please see below)

The screenshot shows the CICS Mobile app interface on a mobile device. At the top, the status bar displays 'Build:1.0.0.11 Res:xxhdpi-2' and the time '13:33'. The app title 'CIC Mobile' is prominently displayed in yellow. Below it, the slogan 'Give yourself a... HEALTHCIC' is written in a stylized, bubbly font. A progress bar labeled 'Complete' is shown. The form contains a 'Password:' label, a text input field with 'password...' placeholder, a link 'I have lost my password', a 'Security: Favourite Colour?' label, another text input field with 'Answer...' placeholder, and a 'Login' button.
