

## #CYPMeFirst Twitter chat 12/07/2017

### Report

**Focus:** How do we open up difficult conversations with children and young people around health and social care?

### **Questions:**

- 1) How do you manage your anxiety around opening up difficult conversations?
- 2) How can adults let the CYP know they're worried?
- 3) How can professionals have a conversation with a CYP on their own without their parents/carers?
